Still Paying a Fuel Surcharge?

Last we checked, the price of fuel has gone down. In fact, it hasn't been this low in almost five years! Yet, the big national companies are *still* adding a fuel surcharge to their shipments.

So, while your competition is paying more to ship their packages, you're boosting profits and getting guaranteed deliveries with OnTrac.

Less Fees—Good. Lower Rates—Even Better.

With OnTrac you save up to 40% over the other guys. We service every address in CA and the major metro areas of AZ, NV, OR, WA and UT. The best part? The 40% savings are *before* all those other fees!

How do we do it? We operate more effectively than other national carriers. By focusing on regional service we find more ways to be efficient and increase productivity. And, we pass the savings on to you!

Don't have an account? Sign up today! It's FREE!

Save BIG with OnTrac

	OnTrac	FedEx	UPS
Letter Rate	\$10.95	\$20.35	\$18.70
